Dear Colonial Savings Foundation,
We appreciate your generous donation. We learned a lot at the exhibits about fashion, cowboys, and dinosaurs. We colored dinosaur skeletons and dug for dinosaur fossils. We did a dinosaur video. We did science experiments like one with bubbles. We learned about the Earth, the Moon, the Sun, and stars in the planetarium. Your donation also paid for our lunches and buses. We are thankful for you helping us go on this field trip.

Sincerely
Mrs. Aattaway

Dear Ms. Guidry,

Thank you and your
Colonial colleagues so much
for the generous gift that
allowed me and other
parents to attend the
field trip to the Fort Worth
Museum of Science and
History. Your kindness means
so much.

A watercolor illustration of flowers. A large, vibrant red flower is the central focus, with the words "Thank you" written in a black, cursive script across its petals. To the left and right are pink flowers, and a light orange flower is visible in the upper right. Green leaves and stems are scattered throughout the composition. The background is white with some dark speckles.

Thank
you

Thank you so very much for your generous donation to the RISE (special needs) classes at Bruce Shulkey Elementary. Our classes went on a field trip to The Fort Worth Museum of Science and History. While there, we toured the exhibits, attended a presentation at the Planetarium, and had fun at the Dino Dig. Your donation also paid for our lunches and buses. Additionally, we were able to purchase a wooden spinning board

and tactile tunnel for our Motor Lab.

All of these things would not have been possible without your support.

Thank you for the positive impact you have made in the education and lives of our students.

Thank you so much!

Karen Smith
