Dear Heather,

As we move into the new year, it continues to be evident that a safe and affordable place to live is more important than ever. The recent winter storms reiterated the fact that a well-constructed home is not only for comfort but for physical and financial safety as well.

"Thank you for doing a fabulous job of weatherizing and insulating this house...my pipes did not burst. The heat was off for days and we lost power four times over the week. We did not have to evacuate, and we were able to cope without damage and expensive repairs." –Marie (Trinity Habitat homeowner)

Families in Habitat homes have been able to weather the winter storms AND the financial storm that continues, due to the pandemic, thanks in part to their affordable mortgage and energy efficient home.

Your generous gift of \$5,000.00 on 4/21/2021, truly makes a difference for hardworking families in our community! Love and compassion can change the world! We are doing just that, building strong families, homes, and neighborhoods with your help!

With sincere appreciation,
